The Art Alliance of Central Pennsylvania held its Annual Recycled Art Show this past April. This year’s theme was “Water, Water, Everywhere!”, and featured recycled art from many local artists.

The art show featured many amazing exhibits, all of which were made from recycled materials. Some materials used to create the pieces above include: netting from fruit packaging, plastic vials, old calendars, used sand paper, an old sprinkler, faucet handles, metal scraps and much more.

The pieces above were displayed at our Interpretive Center for a month following the show. A big thank you to Anni Matsick for her help in transporting the pieces to and from.

This year’s show was sponsored by Joe Krentzman & Son, Inc. and there were countless volunteers who helped make the show a success.
