

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

RULES AND REGULATIONS

AUTHORITY AND PURPOSE

These Rules and Regulations have been adopted by the Centre County Recycling and Refuse Authority ("CCRRA") under the authority granted by the County of Centre, the Solid Waste Management Act, as amended ("Act 97") and the Municipal Waste Planning, Recycling and Waste Reduction Act, as amended ("Act 101").

The purpose of these Rules and Regulations is to protect the health and welfare of the residents of Centre County and to provide a means whereby CCRRA can effectively and efficiently (a) manage the storage, collection, transportation, processing and disposal of solid waste generated in Centre County and (b) carry forth its duties, obligations and responsibilities to implement the ~~1990~~ 2022 Centre County Solid Waste Management Plan as now or hereafter revised or amended.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

DEFINITIONS

As used in these Rules and Regulations, the following terms shall have the following meanings:

[Act 97 – The Solid Waste Management Act, Act of July 7, 1980, P.S. 380, No. 97, 35 P.S. § 6018.101 et seq., as now or hereafter amended.](#)

[Act 101 – The Municipal Waste Planning, Recycling and Waste Reduction Act, Act of July 28, 1988, P.L. 528, No. 101, 53 P.S. § 4000.101 et seq., as now or hereafter amended.](#)

Asbestos Waste – Friable - A portion of regulated municipal waste consisting of asbestos extracted from asbestos ore and containing more than 1% asbestos by weight that hand pressure can crumble, pulverize or reduce to powder when dried. Friable Asbestos Waste is a Special Handling Waste.

Asbestos Waste - Non-Friable - A portion of regulated municipal waste consisting of material that contains asbestos extracted from asbestos ore that cannot with hand pressure be crumbled, pulverized or reduced to powder when dried. Non-Friable Asbestos Waste includes transite board, siding, asbestos shingles and floor tiles. Asbestos Waste generated from residential sources are considered to be Non-Friable.

Ash Residue - Non-hazardous residue from municipal waste incinerator. Ash residue is a special handling waste.

Bulky Waste - A portion of regulated municipal waste consisting of large items which cannot be handled by CCRRA's normal collection, processing or disposal methods. Bulky Waste includes, without limitation, large auto parts; machinery; boats; recreational vehicles; furniture; etc. White goods are not considered Bulky Waste.

CCRRA Facility - Any facility owned or operated by or on behalf of CCRRA.

Chemotherapeutic Waste - A portion of Solid Waste resulting from the production or use of antineoplastic agents used for the purpose of stopping or reversing the growth of malignant cells. Chemotherapeutic Waste does not include waste containing antineoplastic agents that are Hazardous Waste. *Chemotherapeutic Waste is Unacceptable Waste.*

Commercial Account Agreement - A contract between the CCRRA and a Commercial Hauler whereby the Commercial Hauler agrees to participate in the CCRRA's Commercial Account Program and comply with all requirements established by the CCRRA for the Commercial Account Program.

Commercial Account Program - A program administered by the CCRRA wherein (1) any Commercial Hauler who signs a Commercial Account Agreement will be issued a unique sticker for each vehicle

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

used by the Commercial Hauler to deliver municipal waste to the CCRRA's municipal waste facility, and (2) the Commercial Hauler will be billed periodically for all municipal waste it delivers to the Centre Authority's Municipal Waste facility.

Commercial Hauler means: (i) Any person with commercial account privileges at the CCRRA as of December 31, 2007; (ii) any person who delivers or expects to deliver more than five (5) tons of waste to the CCRRA's transfer station during any calendar year; or (iii) any person who, for profit or remuneration of any kind, collects and disposes of municipal waste of any other person.

Construction/Demolition Waste - A portion of regulated municipal waste resulting from the construction or demolition of buildings and other structures, including wood, plaster, drywall and wallboard, metals, asphaltic substances, bricks, block and unsegregated concrete. The term also includes dredging waste, grubbing waste, street sweepings and Non-Friable Asbestos Waste. The term does not include the following if they are separate from other Waste and used as clean fill:

- i. Uncontaminated soil, rock, stone, gravel, unused brick and block and concrete.
- ii. Waste from land clearing, grubbing and excavation including trees, brush, stumps and vegetative material.

Contaminated Soil - A portion of regulated municipal waste consisting of hydrocarbon contaminated earth or fill, typically generated due to a spill or leak. *Contaminated Soil is a Special Handling Waste.*

DEP - The Pennsylvania Department of Environmental Protection.

Electronics - Covered Device Recycling Act (CDRA), Act 108 of 2010 - established a recycling program for certain covered devices. See Source Separated Recyclables – Electronics

Facility - Any specific site or person designated by CCRRA as the specific place or site or person to which municipal waste or any portion of municipal waste must or may be delivered; or in the absence of a specific site or person being designated by CCRRA, any approved site for the delivery of any category of Municipal Waste. An approved site for the purposes of this definition will mean either a site located outside the Commonwealth of Pennsylvania or a site that (a) has acquired all applicable local, state and federal permits, (b) is operating in accordance with all applicable local, state and federal laws and regulations and any orders or decrees of any court or governmental body, (c) provides CCRRA with such data and information as CCRRA requests, including without limitation (i) the quantity, type, source and date of receipt of municipal waste that were generated in Centre County and delivered to the site, (ii) proof that the site is in compliance with (a) and (b) above, and (d) is approved by CCRRA.

Generator - A person who produces or creates any solid waste.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

Hazardous Waste - Garbage, refuse, sludge from an industrial or other wastewater treatment plant, sludge from a water supply treatment plant or air pollution control facility and other discarded material including solid, liquid, semisolid or contained gaseous material resulting from municipal, commercial, industrial, institutional, mining or agricultural operations, and from community activities, or a combination of these factors, which because of its quantity, concentration, or physical, chemical or infectious characteristics may:

- i. Cause or significantly contribute to an increase in mortality or morbidity in either an individual or the total population.
- ii. Pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of or otherwise managed.

The term does not include (a) coal refuse as defined in the Coal Refuse Disposal Control Act (52 U.S.C.A. §§ 30.51-30.62), (b) treatment sludges from coal mine drainage treatment plants, disposal of which is being carried on under and in compliance with a valid permit issued under the Clean Streams Law (35 P.S. §§ 691.1-691.1001), (c) solid or dissolved material in domestic sewage, (d) solid dissolved materials in irrigation return flows, (e) industrial discharges which are point sources subject to permits under Section 402 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1342) or (f) source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954 (42 U.S.C.A. §§ 2011-2394). Hazardous Waste is Unacceptable Waste.

Household Hazardous Waste - A portion of regulated municipal waste that would be considered hazardous under Act 97 but for the fact that it is produced in quantities smaller than those regulated as Hazardous Waste under Act 97 and is generated by persons not otherwise covered as Hazardous Waste Generators by Act 97. Household Hazardous Waste includes the following materials and other materials of a similar nature:

- i. Anti-freeze
- ii. Batteries
- iii. Chlorinated hydrocarbons
- iv. Gasoline and kerosene
- v. Grease and rust solvents
- vi. Oven, toilet and drain cleaners
- vii. Paints, rust preventatives, stains and wood preservatives
- viii. Pesticides, fungicides, herbicides, insecticides, rodenticides, roach and ant killers
- ix. Photographic and pool chemicals
- x. Thinners, solvents and furniture strippers
- xi. Transmission and brake fluids
- xii. Used oil or other hydrocarbon based lubricants
- i. Wood, metal, rug and upholstery cleaners and polishes

Infectious/Pathological Waste - A portion of solid waste which, unless processed, disposed, stored, collected or transported in accordance with DEP Regulations, is or may be contaminated by

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

disease-producing micro-organisms or material, or may harm or threaten human health. The term includes the following waste unless generated in households:

- i. Wastes generated by hospitalized patients who are isolated, or on blood or body fluid precautions, in order to protect others from communicable disease.
- ii. Cultures and stocks of etiologic agents.
- iii. Animal waste blood and animal blood products which are known or are suspected to contain contagious zoonotic pathogens, and human waste blood and blood products.
- iv. Tissues, organs, body parts, blood and body fluids that are removed during surgery and autopsy.
- v. Wastes generated by surgery or autopsy of septic cases or patients with infectious diseases.
- vi. Wastes that were in contact with pathogens in any type of laboratory work, including collection containers, culture dishes, slides, plates and assemblies for diagnostic tests and devices used to transfer, inoculate and mix cultures.
- vii. Sharps.
- viii. Wastes that were in contact with the blood of patients undergoing hemodialysis at hospitals or independent treatment centers.
- ix. Carcasses and body parts of animals exposed to contagious zoonotic pathogens.
- x. Animal bedding and other Wastes that were in contact with animals suffering from contagious zoonotic diseases due to natural infection or laboratory research, and their excretions, secretions, carcasses or body parts.
- xi. Waste biologicals - for example, vaccines - produced by pharmaceutical companies for human or veterinary use.
- xii. Food and other products that are discarded because of contamination with etiologic agents.
- xiii. Equipment and equipment parts contaminated with etiologic agents.

Infectious/Pathological Waste is unacceptable waste.

Landfill - The landfill(s) identified in the Centre County Solid Waste Management Plan or otherwise specified by the CCRRA.

LEED – (Leed) Leadership in Energy and Environmental Design: To divert construction, renovation, and demolition debris from disposal in landfills and incinerators and recover and recycle reusable materials. To avoid the environmental consequences of extracting and processing virgin materials by using recycled and reclaimed materials.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

[Ordinance – Centre County Ordinance 3 of 2003, adopted by the Centre County Commissioners on December 23, 2003, entitled the “Municipal Waste Management Ordinance,” as amended or supplemented.](#)

Organics - the remains, residues or waste products of any organism that are recovered resources from solid waste disposal. Such materials may include, but not limited to: food residuals; yard debris; and wood, plant or paper products.

Person - Any individual, firm, partnership, corporation, association, institution, cooperative enterprise, municipality, municipal authority, governmental entity or agency, or any other legal entity whatsoever which is recognized by law as the subject of rights and duties. In any provisions of these rules and regulations prescribing a fine, penalty, or other enforcement action, or any combination of the foregoing, the term "Person" shall include the officers and directors of any corporation or other legal entity have officers and directors.

Plan - The 2022 Centre County Solid Waste Management Plan as amended or modified.

Processed Infectious/Pathological Waste - A portion of regulated municipal waste consisting of Infectious/Pathological Waste which has been rendered non-infectious by sterilization, incineration or other equally effective processing technique. *Processed Infectious/Pathological Waste is a Special Handling Waste.*

Putrescible Waste - Putrescible Waste is a portion of regulated municipal waste consisting of organic waste materials which due to biological decomposition are, or have a tendency to be, rotten, foul, or odorous, including dead animals and spoiled foods but not including sludge.

Recycling Processing Facility - The recycling processing facility owned by CCRRA and located in College Township, Centre County, Pennsylvania.

Recycling or Recycled - The collection, separation, recovery and marketing of source separated recyclable materials which would otherwise be disposed of or processed as regulated municipal waste.

Refuse - All miscellaneous waste material not otherwise included herein and which results from ordinary conduct of business or a household.

Regulated municipal waste- Any solid waste generated or collected within Centre County, or any other approved service area, which is garbage, refuse, industrial lunchroom or office waste and other material, including solid, liquid, semisolid, or contained gaseous material, resulting from operation of residential, municipal, commercial or institutional establishments and from community activities, and any sludge not meeting the definition of residual or hazardous waste from a municipal, commercial or institutional water supply treatment plant, wastewater treatment plant or air pollution control facility. The term does not include Source Separated Recyclable Materials or Unacceptable Waste.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

Residual Waste - Any garbage, refuse, other discarded material or other waste, including solid, liquid, semisolid or contained gaseous materials resulting from industrial, mining and agricultural operations and any sludge from an industrial, mining or agricultural water supply treatment facility, wastewater treatment facility or air pollution control facility, provided that it is not hazardous. The term does not include (a) coal refuse as defined in the Coal Refuse Disposal Control Act or (b) treatment sludges from coal mine drainage treatment plants, disposal of which is being carried on under and in compliance with a valid permit issued under the Clean Streams Law.

Salvaging - The controlled removal of material from a solid waste storage, collection, transportation, processing or disposal site or facility.

Scavenging - The uncontrolled removal of material from a solid waste storage, collection, transportation, processing or disposal site or facility; and/or the uncontrolled removal of material from an Authority recycling container.

Sludge - Sludge is a portion of regulated municipal waste consisting of solid, semisolid, or liquid waste generated from a municipal, commercial or industrial waste treatment facility or wastewater treatment plant, water supply treatment plant or air pollution control facility, exclusive of the treated effluent from a wastewater treatment plant. Sludge includes coarse screenings, grit and dewatered or air-dried sludge, septic and holding tank pumpings and other residues from a residential, municipal, commercial or institutional water supply treatment plant, wastewater treatment plant, or air pollution control facility. Sludge does not include any materials that are Residual Waste or Hazardous Waste. Sludge is a Special Handling Waste.

Solid Waste or Waste - Any waste, including but not limited to, municipal, residual or hazardous waste, including solid, liquid, semisolid or contained gaseous materials resulting from municipal, industrial, commercial, agricultural and residential activities.

Source Separate or Source Separation - The process of separating, or the separation of, Source Separated Recyclable Materials from other solid waste at the location where generated for the purpose of recycling.

Source Separated Recyclable Materials - Materials that (i) are separated from regulated municipal waste at the location where generated in accordance with these Rules and Regulations and (ii) are Recycled. Source Separated Recyclable Materials are limited to the following: *(this list may be subject to change)*

- i. Clear Glass
- ii. Colored Glass
- iii. Steel and Bimetallic Cans
- iv. Aluminum Cans
- v. Aluminum Scrap
- vi. Ferrous Scrap

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

- vii. Newsprint
- viii. Office Paper **and other recyclable paper**
- ix. Corrugated Cardboard
- x. Plastic
- xi. Other material designated by CCRRA as a Source Separated Recyclable Material

Special Handling Waste - A portion of regulated municipal waste which consists of Sludge, Processed Infectious/Pathological Waste, Ash Residue, Contaminated Soil and Friable Asbestos Waste.

Transfer Station - The transfer station owned by CCRRA and located on Transfer Road, College Township, Pennsylvania. Mailing address: CCRRA, 253 Transfer Road, Bellefonte, PA 16823.

RNG Station – CCRRA leases land to Clean Energy for the renewable natural gas station located at 100 Transfer Road, Bellefonte, Pennsylvania.

Unacceptable Waste - The following types of solid waste are unacceptable waste:

- i. Chemotherapeutic Waste
- ii. Drums, barrels, buckets and paint cans unless lids have been removed and interiors are cleaned free of any residue
- iii. Explosives and Ordinance Materials
- iv. Gas Cylinders *(pre-approval required)*
- v. Hazardous Waste
- vi. Infectious/Pathological Waste
- vii. Liquid Waste (i.e. containing less than 20% solids by weight or flowable)
- viii. **Unapproved** Radioactive materials
- ix. Solid Waste generated outside of Centre County, unless specifically approved by the CCRRA.

White Goods - A portion of regulated municipal waste consisting of large appliances (i.e., weighing more than fifty pounds) including the following:

- i. Air Conditioners
- ii. Clothes Washing and Drying Machines
- iii. Dish Washers
- iv. Furnaces and Electrical Heaters
- v. Hot Water Heaters
- vi. Refrigerators and Freezers
- vii. Stoves and Ovens

I. WASTE CATEGORIES, ~~DISPOSITION, FEES~~

The following paragraphs describe various categories of regulated municipal waste and their disposition within CCRRA's solid waste management system.

~~REGULATED MUNICIPAL WASTES~~

A. MUNICIPAL WASTES – Municipal waste may be delivered to the Transfer Station.

- ~~1. Refuse is that portion of regulated municipal waste except:~~
2. Bulky Waste
3. Non-processable Construction/Demolition Waste
4. Household Hazardous Waste
5. LEEDS Material – Delivery must be scheduled in advance by contacting the Operations Supervisor for the Transfer Station and may be delivered to the Transfer Station. *(this list may be subject to change)*
 - a. LEEDS Scrap Metal
 - b. LEEDS Vinyl Siding
 - c. LEEDS Old Corrugated Cardboard
 - d. LEEDS Clean Wood Waste
 - e. LEEDS Municipal Solid Waste

B. RESIDUAL WASTE - Residual waste may be delivered to the Transfer Station.

1. All residual wastes require prior written approval from the Department of Environmental Protection and CCRRA.
2. Must be manifested upon delivery.

C. SPECIAL HANDLING WASTE

1. Processed Infectious/Pathological Waste - ~~No Processed Infectious/Pathological Waste will **NOT** be accepted at the Transfer Station.~~
2. Special Handling Waste
 - a. Ash Residue
 - b. Contaminated Soil
 - c. Friable Asbestos Waste
 - d. Processed Infectious/Pathological Waste
 - e. Sludge

SOURCE SEPARATED RECYCLABLE MATERIALS

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

Source Separated Recyclables may be delivered to CCRRA facilities as described below or may be delivered to any approved facility, in accordance with the Centre County Solid Waste Management Plan. If delivered to a CCRRA facility, at the time of delivery, each type of Source Separated Recyclable Material shall be segregated from other waste (including other types of Source Separated Recyclable Materials) unless co-mingling is expressly permitted by the Authority. *(This list may be subject to change.)*

- A. **ELECTRONICS** (e-waste, e-scrap) - refers to electronics/covered devices such as computers, televisions, monitors, cell phones, printers, scanners and fax machines. *All electronics must be unloaded in the designated electronics unloading areas.*
- B. **TIRES** - Any load containing tires may be delivered to the Transfer Station or Recycling Processing facility, except large tractor or loader tires or large loads of car tires which will require CCRRA's prior approval. *All tires must be unloaded in the designated tire unloading areas.*
- C. **WHITE GOODS** - White Goods are that portion of regulated municipal waste consisting of large appliances (*i.e.*, weighing more than fifty pounds) including the following: *Any load containing White Goods may be delivered to the Transfer Station. All White Goods must be unloaded in the designated White Goods unloading area.*
 - i. Air Conditioners
 - ii. Clothes Washing and Drying Machines
 - iii. Dish Washers
 - iv. Furnaces and Electrical Heaters
 - v. Hot Water Heaters
 - vi. Refrigerators and Freezers
 - vii. Stoves and Ovens
- D. **GLASS|CLEAR** - Source Separated Clear Glass may be delivered to the **Recycling** processing facility. Clear Glass must be separated from Colored Glass.
- E. **GLASS|COLORED** -
 - a. Source Separated Colored Glass may be delivered to the **Recycling** processing facility. Colored Glass (green and brown) may not be mixed together, and Colored Glass must be kept separate from Clear Glass.
- F. **PLASTIC** - Source Separated plastic may be delivered to the **Recycling** processing facility.
- G. **STEEL AND BIMETALLIC CANS** - Source Separated Steel and Bimetallic Cans may be delivered to the **Recycling** processing facility. Steel and Bimetallic Cans may be mixed with Aluminum Cans.
- H. **FERROUS SCRAP** – Source separated ferrous scrap may be delivered to the Transfer Station.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

- I. **ALUMINUM CANS** - Source Separated Aluminum Cans may be delivered to the **Recycling** processing facility. Aluminum Cans may be mixed with Steel and Bimetallic Cans.
- J. **ALUMINUM SCRAP** - Source separated aluminum scrap may be delivered to the Transfer Station.
- K. **NEWSPAPER** - Source Separated newspaper may be delivered to the **Recycling** processing facility.
- L. **OTHER OFFICE & RECYCLABLE PAPER** - Other Source Separated paper may be delivered to the **Recycling** processing facility as designated by the CCRRA Recycling Program from time to time.
- M. **CORRUGATED CARDBOARD** - Source Separated corrugated cardboard may be delivered to the **Recycling** processing facility.
- N. **OTHER MATERIAL AS DESIGNATED** [i.e. wood, vinyl siding]

II. SITE DESIGNATION

- A. All Regulated Municipal Waste, excepting Household Hazardous Waste and Special Handling Waste shall be transported directly from the point of collection and be delivered at regular intervals, either by the Generator or a Commercial Hauler, in accordance with these Rules and Regulations, to: 1. ~~CCRRA - A facility located outside of the Commonwealth of Pennsylvania~~ or 2. an approved CCRRA facility, **in the appropriate wasteshed location, (see pg 15)** without any intervening storage, transfer, unloading, processing, sorting, salvaging, scavenging, or reuse. If a Generator transports regulated municipal waste for disposal, the Generator shall keep contemporaneous records substantiating that such regulated municipal waste has been properly disposed of in accordance with these Rules and Regulations.
- B. Household Hazardous Waste, Special Handling Waste, Unacceptable Waste, and Residual Waste shall be transported from the point of collection and be delivered in accordance with these Rules and Regulations to an approved Facility.
- C. Notwithstanding any provisions in these Rules and Regulations to the contrary, CCRRA may change the site designation for any Waste.
- D. ~~If regulated municipal waste is delivered to a Facility outside of the Commonwealth of Pennsylvania, the Generator or person transporting such regulated municipal waste shall notify the CCRRA of the destination of such waste and furnish copies of weigh slips therefore to the CCRRA.~~

III. COMMERCIAL ACCOUNT PROGRAM

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

- A. In order to obtain ~~a rate discount and~~ deferred-billing privileges, Commercial Haulers will be required to participate in CCRRA's Commercial Account Program.
- B. To participate in the Commercial Account Program, a Commercial Hauler must sign a Commercial Account Agreement.
- C. Each vehicle used by a Commercial Hauler that signs up for the Commercial Account Program shall be issued a unique sticker to be placed on the vehicle. The sticker will be used at the Transfer Station to identify and bill each load passing across the Transfer Station scales.
- D. ~~Failure to keep account current may result in loss of disposal privileges.~~

IV. OTHER OBLIGATIONS

- A. Upon the request of CCRRA, any Generator of regulated municipal waste shall provide CCRRA with accurate and verifiable documentation of the types, quantities, and disposition that such Generator transported, or had transported, to any location other than a CCRRA Facility. In the absence of such documentation all such materials shall be conclusively presumed to be Waste that was collected or delivered in contravention of these Rules and Regulations.

~~If any hauler adds or changes municipalities of origin, they must notify the CCRRA within 5 days.~~

- B. ~~Generators must abide by all CCRRA operating and safety rules:~~
 - 1. ~~Hi-visibility attire must be worn in all appropriate areas.~~
 - 2. Salvaging and scavenging is prohibited at CCRRA Facilities except with the prior written approval of CCRRA's Executive Director.
 - 3. Children under 18 years of age ~~must be supervised by an adult at all times~~ and remain in vehicles ~~while on the tipping floor.~~
 - 4. Smoking is prohibited at CCRRA facilities except in designated smoking areas.
 - 5. Consumption of alcoholic beverages ~~or intoxicated individuals are~~ is prohibited at CCRRA facilities.
 - 6. Loitering, solicitation ~~and public drunkenness~~ are prohibited at CCRRA facilities.
 - 7. All vehicles are subject to the direction of CCRRA personnel.
 - 8. All vehicles using CCRRA Facilities must obey all road signs and posted speed limits. Where no speed limit is posted, the maximum speed will be five (5) miles per hour. Safe and courteous driving practices are to be followed at all times.
 - 9. Vehicles may not be left for extended periods of time at CCRRA Facilities without prior CCRRA approval.
 - 10. All sorting and separation of waste by a hauler must be performed at designated areas and not in the tipping areas.

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

11. Waste must be ~~contained bagged to prevent material from falling off vehicles or, if not bagged, waste must be covered with a tarp~~ to keep from falling off the truck while on Transfer Station property. While traveling the highways, all DEP and PennDOT rules and regulations apply.
12. All trucks must unload waste ~~off the rear of the vehicle~~ in designated tipping areas.
- ~~13. Unloading of vehicles off the sides is prohibited unless otherwise authorized by CCRRA Personnel.~~
- ~~14. No vehicles will be allowed to discharge Waste through the tailgate unless otherwise authorized by CCRRA personnel. All tailgates must be removable, lay down or swing to the side.~~
15. All passengers must be in the cab of the vehicle upon arrival at the scale. Riding on the bed or tailgate between the scale and tipping areas or during unloading is prohibited.
16. All vehicles are required to leave a minimum of ~~three~~ ten feet between ~~other~~ vehicles during unloading at the Transfer Station and Recycling processing facility.
17. Any vehicle and the contents of vehicles or containers are subject to inspection at any time by CCRRA personnel.
18. ~~All vehicles must have bed down and tailgate shut, prior to leaving the tipping floor.~~
19. ~~The use of interactive wireless communication devices for electronic communication by employees of the Authority while on Authority business is prohibited while operating any vehicle or equipment that is in motion.~~

VIOLATORS OF THE OPERATING AND SAFETY RULES SHALL BE SUBJECT TO THE SAME PENALTIES AS PROVIDED IN SECTION VIII OF THE RULES AND REGULATIONS.

- C. Haulers are responsible for having their own trucks and roll-off containers clearly identified to meet DEP Requirements ~~and other regulations. [i.e. Waste Tire Hauler permit, Act 90]~~

V. FEES

- A. Tipping fees for regulated municipal waste may be set annually by CCRRA.
- B. If statement charges (including penalty fees) are not paid within ~~15~~ 30 days from the date of the statement, CCRRA may at its option do any or all of the following: (a) revoke charge account privileges; and (b) apply the account security on account of the unpaid account balance. If charge account privileges are revoked, an account security may be required for reinstatement of charge account privileges.

VI. ENFORCEMENT

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

The Generator and any person operating the vehicles shall be responsible and accountable for any non-compliance with these Rules and Regulations, the Ordinance, the Plan, and any applicable statutes, including, but not limited to, Act 97 and Act 101. Penalties for non-compliance shall be set forth in Section VIII (Violations and Penalties) below.

Penalties for non-compliance shall include, but are not limited to:

Reimbursing the CCRRA for all fees and any and all costs and damages, including reasonable attorneys' fees, incurred by CCRRA as a result of such non-compliance;

The imposition of monetary fines or penalties as authorized by the Ordinance;

Suspension of the privilege of using CCRRA Facilities of the Person driving or operating the violating vehicle; and

Such other action or remedy authorized by the Ordinance, the Plan and any applicable statutes, including, but not limited to, Act 97 and Act 101, as CCRRA shall deem to be appropriate

Insert Solicitor statement w/ordinance language

Denial of Disposal Privilege—The CCRRA may deny disposal privileges to any hauler not in compliance with these Rules and Regulations.

VII. LIABILITY

If a person transports regulated Municipal Waste: (except for Household Hazardous Waste, Special Handling Waste and Unacceptable Waste) to any location other than; A. a CCRRA facility without the prior written approval of CCRRA; or B. an out of state facility, a tipping fee will be charged to the Generator or the person hauling such waste in the same amount that would have been charged if the waste had been delivered to the designated CCRRA facilities. The Generator and the person hauling the waste shall be jointly and severally liable to CCRRA for the tipping fee.

Any person delivering unacceptable waste to a CCRRA facility will be responsible, in addition to payment of the applicable tipping fee, for the removal of the unacceptable waste from the site, clean-up and remediation of any damages resulting from such delivery, and reimbursement of all costs and damages incurred by CCRRA as a result of such delivery.

VIII. ~~VIOLATIONS AND PENALTIES~~ FOR VIOLATIONS; ADDITIONAL VIOLATIONS

A. ~~The Generator and the person operating the vehicles shall be responsible and accountable for any non-compliance with the Rules and Regulations, including reimbursing CCRRA for all fees and any and all costs and damages incurred by CCRRA as a result of such violation.~~

B. Penalties

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

In addition to the fees ~~as~~ provided in these Rules and Regulations, in the event of any violation of or non-compliance with these Rules and Regulations, ~~CCRRA may~~ the following penalties may be imposed:

- ~~1. Suspend the privilege of using CCRRA Facilities of the Person driving or operating the violating vehicle; and~~
- ~~2. Take such other action as CCRRA shall deem to be appropriate.~~
 - ~~1. 3. Violators may be cited per County ordinance. Reimbursement to the CCRRA for all fees and any and all costs and damages, including reasonable attorneys' fees, incurred by CCRRA as a result of such violation or non-compliance;~~
 - ~~2. The imposition of monetary fines or penalties as authorized by the Ordinance;~~
 - ~~3. Suspension of the privilege of using CCRRA Facilities of the Generator or the person driving or operating any violating or non-compliant vehicle; and/or~~
 - ~~4. Such other action or remedy authorized by the Ordinance, the Plan and any applicable statutes, including, but not limited to, Act 97 and Act 101, as CCRRA shall deem to be appropriate.~~

~~€B.~~ **Unlawful Disposition of Municipal Waste**

It shall be unlawful for any person to bring any municipal solid waste into Centre County or to transport municipal solid waste, from one address to another in the ~~Ce~~ county for the purpose of taking advantage of the collection service to avoid the cost of collection and disposal.

~~€C.~~ **Unlawful Use of Recycling Containers**

It shall be unlawful to deposit any material other than that designated and approved of by the ~~CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY~~ CCRRA in recycling containers, and the material must be source separated as indicated on the container.

~~It is unlawful to deposit any material recyclable or non-recyclable outside of a recycling container.~~

~~€D.~~ **Unlawful Removal of Recyclable Materials**

It shall be unlawful to remove any ~~such~~ recyclable materials as specified in the ~~Centre County Municipal Waste Management~~ Ordinance from any recycling containers owned or serviced by the ~~CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY~~ CCRRA.

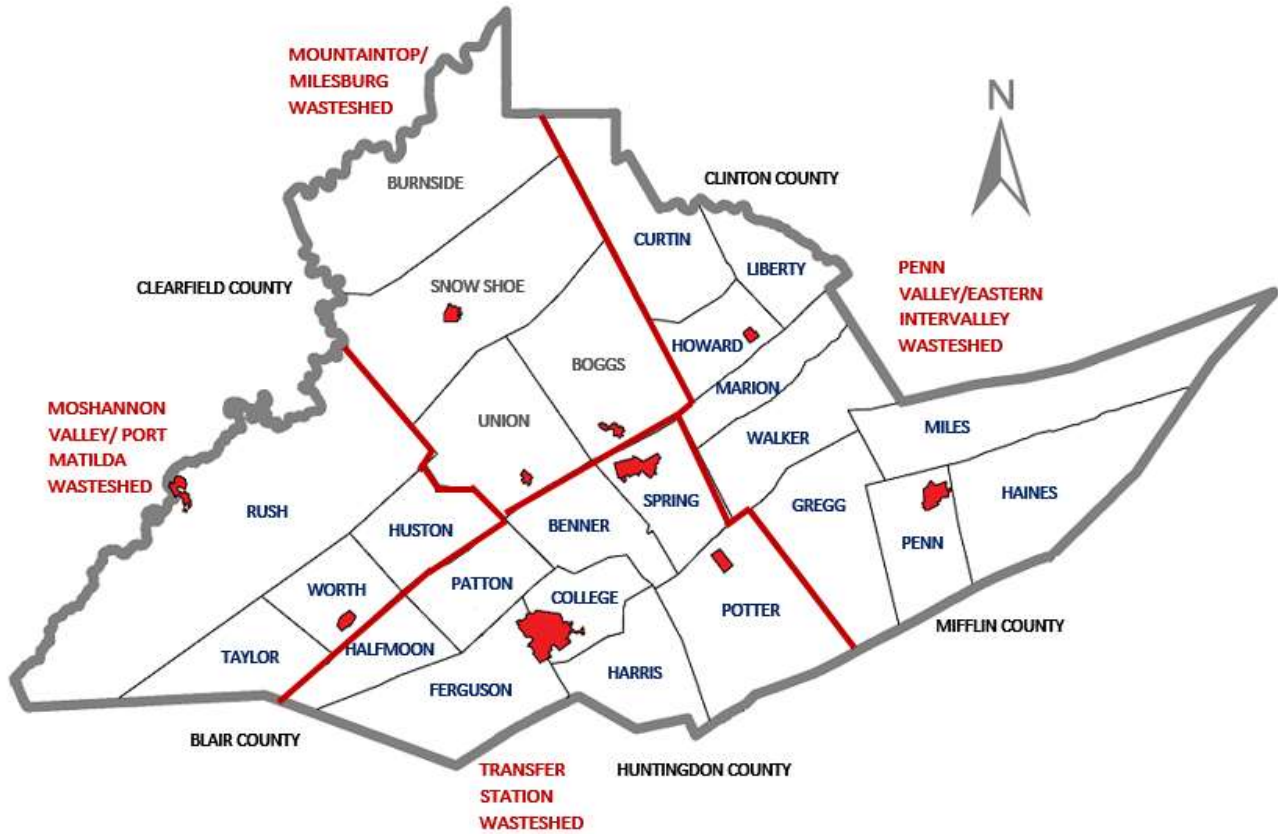

CENTRE COUNTY RECYCLING AND REFUSE AUTHORITY

CENTRE COUNTY WASTESHED DESIGNATED DISPOSAL SITES

Except as otherwise provided in these Rules and Regulations, waste from the below listed municipalities shall be disposed of at the following disposal sites.

MUNICIPALITY	WASTESHED	DESIGNATED DISPOSAL SITE OPTIONS
Rush Township	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Philipsburg Boro	MoValley/Port Matilda	Greentree Landfill or Transfer Station
S. Philipsburg Boro	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Taylor Township	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Worth Township	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Huston Township	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Port Matilda Boro	MoValley/Port Matilda	Greentree Landfill or Transfer Station
Burnside Township	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Snow Shoe Township	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Snow Shoe Boro	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Union Township	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Unionville Boro	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Boggs Township	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Milesburg Boro	Mountaintop/Milesburg	Greentree, Clinton or Transfer Station
Curtin Township	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
Liberty Township	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
Howard Township	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
Howard Boro	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
Marion Township	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
Walker Township	Penns Valley/E. Intervalley	Clinton Landfill or Transfer Station
